

Regent™ Mechanical Heart Valve Sizer Set

Accessories

Product Highlights

- Designed to facilitate proper size selection of the Regent mechanical heart valve in a supra-annular position
- Sizes 17 mm–29 mm*
- The cylindrical end determines the appropriate size of the annulus
- The corresponding Regent valve replica end is used to visualize placement
- Malleable Nitinol sizer and holder handle can be bent in any direction (up to 90 degrees) without degradation
- Sizer and holder handle return to original straight shape during sterilization
